Under the agreement for 2015
Cawarral State School will receive

$27,830*

*Estimated on 2014 data. Actual funding will be determined after 2015 enrolment data is finalised.

This funding will be used to

- Improve from 87% of students in Yr 3 achieving literacy National Minimum Standards to 100%
- Improve from 71% of students in Yr 5 achieving literacy National Minimum Standards to 100%
- Improve from 67% of students in Yr 5 achieving numeracy National Minimum Standards to 100%
- Ensuring 100% of students achieve their learning goals and targets as identified in their Individual Learning Guarantee from 2015 and beyond

Our strategy will be to

- Ensure every student in the school will participate in the whole school reading program at least four days per week. It will use effective and explicit instruction (Reading CAFÉ, John Munro, John Hattie (visible Learning)) to improve student reading – technical skills, decoding, comprehension, accuracy, fluency and vocabulary
- Use a five week data grab cycle to analyse the improvements of students on Individual Learning Guarantees (Key assessment tools – Past NAPLAN tests and practice NAPLAN assessments alongside PM Benchmarks, PAT M and PAT R)
- Use explicit instruction as the key pedagogy to improve student outcomes in literacy and numeracy

Our school will improve student outcomes by

| Purchasing teacher release time for each class, to allow teachers to plan, implement and assess effective and explicit differentiated reading lessons and to conduct five weekly data analyses | $22,520 |
| Building the capability of our teachers and teacher aides in explicit instruction and effective reading instruction through targeted coaching and professional development | $5,310 |

Matt Winter
